

# **PBS XML Release Notes**

**Effective date: 1st April 2013**

**Release 3**

**PBS XML Schema version: 2.8**

## **Listing Changes**

1. Rivastigmine prices have been reduced.
2. Brand takeover for Naloxone.

## **Issues Fixed**

2. Items 9477T and 9478W have patient contribution of type brand-premium.
3. Brand takeovers now include a pbs:alteration element. Previously these changes were occurring with no notification.
4. rwt:restriction-reference elements in new prescribing rules now include a child pbs:effectivity element. This provides a start date for the prescribing-rule-restriction relationship.

## **Known Issues**

5. Maximum patient charge for premium exempt items may be incorrect.
