## PHARMACEUTICAL BENEFITS

These changes to the Schedule of Pharmaceutical Benefits are effective from 1 June 2013. The Schedule is updated on the first day of each month and is available on the Internet at [www.pbs.gov.au](http://www.pbs.gov.au).

### Fees, Patient Contributions and Safety Net Thresholds

The following fees, patient contributions and safety net thresholds apply as at 1 June 2013 and are included, where applicable, in prices published in the Schedule —

Dispensing Fees:	Ready-prepared	\$6.52
	Dangerous drug fee	\$2.71
	Extemporaneously-prepared	\$8.56
	Allowable additional patient charge*	\$4.11
Additional Fees (for safety net prices):	Ready-prepared	\$1.11
	Extemporaneously-prepared	\$1.45
Patient Co-payments:	General	\$36.10
	Concessional	\$5.90
Safety Net Thresholds:	General	\$1390.60
	Concessional	\$354.00
Safety Net Card Issue Fee:		\$9.06

\*The allowable additional patient charge is a discretionary charge to general patients if a pharmaceutical item has a dispensed price for maximum quantity less than the general patient co-payment. The pharmacist may charge general patients the allowable additional fee but the fee cannot take the cost of the prescription above the general patient co-payment for the medicine. This fee does not count towards the Safety Net threshold.
