

PBS XML Release Notes

Effective date: 1st February 2015

Release 2

PBS XML Schema version: 2.9.1

Changes from Release 1

1. Deletion of brands. The following brands of *paracetamol 665 mg tablet: modified release, 96 tablets* incorrectly appear in Release 1 of the 1 February 2015 Schedule:

APO-Osteo Paracetamol 665 mg

Blooms the Chemist Osteo Pain Relief Paracetamol 665 mg

Chem mart Pharmacy Osteo Relief Paracetamol 665 mg

Terry White Chemists Osteo Relief Paracetamol 665 mg

These four brands are not PBS listed and have been removed from PBS items 8814X, 5343F and 5344G in Release 2 of the 1 February 2015 Schedule.

2. The Maximum Recordable Value for Safety Net for Standard Formula Preparation items 7567G and 7568H have been corrected.

Known Issues

1. Start dates for PBS Items are no longer being adjusted. The `sd-yyyy-mm-dd-vv.xml` has been discontinued.
2. Some changes to Maximum Patient Charge amounts may not be the subject of a `pbs:alteration` element.
