

PBS XML Release Notes

Effective date: 1st August 2015

Release 2

PBS XML Schema version: 2.10

Changes from version 1

1. Restriction ID 5083 has been removed from item 2744K (apixaban 2.5 mg tablet, 60). The other two restrictions (4269, 4132) continue to apply to that item.
2. Safety Net penalty (i.e. `pbs:safety-net/pbs:counted`) no longer applies to the following items:
Apixaban: 10414D
Testosterone: 10380H
Adalimumab: 10389T, 10397F, 10399H, 10400J, 10404N, 10413C, 10419J, 10422M
3. Safety Net resupply interval has been changed from 20 days to 4 days (i.e. `pbs:safety-net/pbs:days` has changed from `P20D` to `P4D`) for the following items:
Testosterone: 10380H
Adalimumab: 10389T, 10397F, 10399H, 10400J, 10404N, 10413C, 10419J, 10422M
4. All container prices in the Extemporaneous programme have been modified.

Known Issues

1. Some changes to Maximum Patient Charge amounts may not be the subject of a `pbs:alteration` element.
