

SCHEDULE OF PHARMACEUTICAL BENEFITS
EFFICIENT FUNDING OF CHEMOTHERAPY SUPPLEMENT EFFECTIVE 1 SEPTEMBER 2015
ERRATUM v2

(1) This Erratum corrects the Preparation fee included in the 1 September 2015 Schedule of Pharmaceutical Benefits - Efficient Funding of Chemotherapy Supplement (Schedule). Prices in the 1 September 2015 Schedule included \$42.67 for the Preparation Fee.

Prices in the 1 September 2015 Schedule should retain the \$40 compounding fee, giving a Preparation Fee of \$82.67.

This erratum effects all categories of Efficient Funding of Chemotherapy infusibles, including for all dispensing situations:

- IP & IN Program Codes - Section 100 (Efficient Funding of Chemotherapy) – Public & Private Hospitals and Community Pharmacy
- TZ & TY Program Codes - Section 100 (Efficient Funding of Chemotherapy – Trastuzumab) – Public & Private Hospitals and Community Pharmacy

Where applicable an additional \$20 compounding fee will be paid separately in accordance with the 2015 PBS Access & Sustainability measures.

Current transitional payment arrangements will continue for the EFC measure.
