

PBS XML Release Notes

Effective date: 1st October 2015

Release 4

PBS XML Schema version: 2.11.2

Changes from Release 3

1. The following new brands were removed. These removals may have resulted in spurious changes to the start date of `pbs:pricing` elements in the corresponding prescribing rules.

Omnitrope Surepal 5	SZ	6476W, 6295H, 10437H, 10469B, 10484T, 10427T
Omnitrope Surepal 10	SZ	6296J, 6311E, 10448X, 10439K, 10441M, 10481P

Changes from Release 2

2. Corrected issue with change to *Plaxel* manufacturer code.

Changes from Release 1

1. *Plaxel* has changed its manufacturer code in order to disambiguate product listings.

PBS item codes	Brand/MPP	Previous manufacturer code	New manufacturer code
7254T 4567J	<i>Plaxel</i> – paclitaxel 30 mg/5 mL injection, 1 x 5 mL vial	EA	ED
7254T 4567J	<i>Plaxel</i> – paclitaxel 100 mg/16.7 mL injection, 1 x 16.7 mL vial	EA	ED
7254T 4567J	<i>Plaxel</i> – paclitaxel 150 mg/25 mL injection, 1 x 25 mL vial	EA	ED
7254T 4567J	<i>Plaxel</i> – paclitaxel 300 mg/50 mL injection, 1 x 50 mL vial	EA	ED

2. Container fees and prices have been changed. Updates include all containers in the EP program, as well as the 'Injectable' and 'Other item' containers in ready-prepared programs GE, PL, DB, R1, HS.

Known Issues

1. Some changes to Maximum Patient Charge amounts may not be the subject of a `pbs:alteration` element.
