

PBS XML Release Notes

Effective date: 1st June 2017

Release 2

PBS XML Schema version: 2.12

Changes from Release 1

1. New brand Parpomine in item 2444P has been removed. Brand substitution indicators have also been removed. Associated pricing changes have been reverted to their original values.

Known Issues

2. Some changes to Maximum Patient Charge amounts may not be the subject of a pbs:alteration element.
