## Changes for Release 2

1. Rescinded deletion of items for Tenectaplastase. The following items have been restored to effective:

|       |       |

| 8526R | 8527T |

## Known Issues

1. A change to a treatment-phase may not result in a change to the corresponding `rwt:circumstance` element.
2. The unit of measure of the `content` element of an MPUU that is associated with an infusible listing is inconsistent with the unit of measure used for the infusible prescribing rule.
