Changes Since May 2019 Release 1

Delisted Olanzapine item codes have been updated to include a supply-only flag:

- 1042W – Olanzapine 10 mg tablet, 28
 - 8187X – remaining target listing
- 1037N – Olanzapine 5 mg tablet, 28
 - 8185T – remaining target listing

Known Issues in V3 PBS XML

1. A change to a treatment-phase may not result in a change to the corresponding `rwt:circumstance` element.
2. The unit of measure of the `content` element of an MPUU that is associated with an infusible listing is inconsistent with the unit of measure used for the infusible prescribing rule.
