

## NATIONAL DIABETES SERVICES SCHEME (NDSS)

The National Diabetes Services Scheme (NDSS) is administered on behalf of the Australian Government by Diabetes Australia Ltd under a five year agreement. Diabetes Australia has administered the Scheme since its establishment in 1987 through a series of grant agreements. The Scheme is managed by the Department through the Access and Systems Branch, Pharmaceutical Benefits Division.

The NDSS provides access to products and services needed for the self-management of diabetes at prices subsidised by the Australian Government. The products include syringes and needles, insulin infusion pump consumables and glucose testing reagents.

The number of persons with diabetes registered with the NDSS increased by 7.87 percent in 2010-11 compared with an increase of 8.35 percent for 2009-10.
