HSD and Chemotherapy data for 2012-13 may not be comparable to previously published data due to changes in data collection procedures and drug allocation processes. Where there have been changes, data for previous years has also been revised to present a consistent time series. The revised data reflects current definitions of Section 100 programs as published on pbs.gov.au.

Note: Expenditure figures refer to payments made through Department of Human Services and directly from the Department of Health.
